METHODIST CONFERENCE AT TULSA PERFECT PLANS FOR ENDOWMENT

Tulsa, Oct. 18.—Guthrie O. M. U. boosters, headed by Chancellor Hislop, scored heavily with the appointment of a committee of fifteen ministers and laymen to devise ways and means to raise a fund of \$250,000 to endow the Methodist University of Oklahoma, located at Guthrie, with the view of making it one of the foremost seats of learning in the country. This stood out as the feature of the fifth day of the twenty-fourth annual conference of the Methodist Episcopal church.

MASONS OPEN TWO MILLION DOLLAR TEMPLE

MAGNIFICENT HOME OF THE SCOTTISH RITE IS DULY DEDICATED

COMMANDER FLEMING CONDUCTS CEREMONIES

GREAT OUTPOURING OF SCOTTISH RITE MASONS AT NATIONAL CAPITAL

(By Associated Press.)

Washington, Oct. 18.—The new two million dollar Masonic temple, headquarters of the supreme council of Scottish Rite Freemasonry for the Southern Jurisdiction of the United States, which also is called The Mother Council of the World, was dedicated here today with elaborate ceremonies and in the presence of a large assemblage of distinguished Masons from many parts of the country.

The stately structure fashioned after the famous mausoleum erected for King Mausolus by Queen Artemisia at Halicarnassus—one of the seven wonders of the ancient world—is unique among the many magnificent buildings in the national capital. It has been under construction since 1911 when ground was broken. It stands on Sixteenth street about one mile from the White House on the Capital's finest boulevard and in a section of the city where many of the nation's most celebrated public men have lived, during their public service in Washington.

Viewed from the exterior, on a plateau above symbolic flights of steps, the structure presents a plain base, above which rises a lofty pyramidal entablature supported by thirty-three massive columns.

The approach to the main portal is by four flights of steps. Two colossal sphinxes, symbolic of Divine Wisdom and Power, are at the entrance. On the plinth of these figures are inscriptions in Phoenician and in Egyptian hieroglyphics. Just before the great door, let into the pavement, are two flaming swords, and between them the inscription "The Temple of the Supreme Council of the Thirty-Third Degree of the Ancient and Accepted Scottish Rite of Freemasonry for the Southern Jurisdiction of the United States, Erected to God and Dedicated to the Service of Humanity, Salve Frater!" Carved into the frieze over the great door is "Freemasonry Gilds Its Temples in the Hearts of Men and Among the Nations." A plaque on the great door bears an oblong square with a rayed triangle in its center and with the figures "33" in the center.

Through the great door the atrium, a large hall, flanked on either side by four massive fluted pillars of polished green granite, is reached. A doorway on the left leads to the apartments of the sovereign grand commander, another on the right to those of the secretary general. Both
